# Activation

In the WHMCS administrator panel, browse to:

```
System Settings -> Addons Modules
```

Activate the module by clicking the **"Activate"** button in the **"Commitments forecaster"** module.

| » Commitments forecaster System for management and planning of outside and inside commitments. | 0.1-alfa | PUQ sp. z o.o. | Activate | Deactivate | Configure |

Activating the module automatically creates tables in the WHMCS database with the prefix **"puq_"**
