

Synchronization income invoices

Income invoices are automatically synchronized during each daily WHMCS crontab job.

For the purpose of compulsory synchronization of income invoices.

Go to the "**Tools**" menu item and click "**Synchronization income invoices**".

As a result, a table with all accounting systems and synchronization parameters will appear

| Dashboard | ID | Name/Description | Type | Before synchronization | Added | After synchronization |
|---------------------------------|----|------------------|----------|------------------------|-------|-----------------------|
| Reports | 7 | | apiWHMCS | 287 | 1 | 288 |
