Order Detail

Digital Product module **WISECP**

[Order now](#) | [Download](#) | [FAQ](#)

Navigate to the service you want to manage, then go to the '**Core**' tab.

Digital Product 1 Order Detail

[Dashboard](#) / [Orders](#) / [Digital Product 1 Order Detail](#)

The screenshot displays the 'Digital Product 1 Order Detail' page with the 'Core' tab selected. The page header includes navigation tabs: Detail, Core, Blocks, Order Addons, Requirements, Upgrade / Downgrade, History, and Cancellation / Refund. Below the tabs, the 'API Module' is identified as 'PUQ Digital Product'. A 'Recreate Share' button is visible. A green notification bar indicates 'API answer OK'. The share details include the ID 'wisecp-2-169', the path '/Digital Product 1', and the URL 'https://nextcloud-test.uuq.pl/s/HaTGq4x5g9DYAFQ'. At the bottom, the 'Share ID' is '58' and the 'Password' is 'HYpFHJbLfk'. An 'Update' button is located at the bottom right.

In the opened tab, you have a view of the online status of the service. The available online information includes:

Recreate Share: Clicking this button will automatically delete the shared link and create a new one again.

- Connection status to the API
- Information about share url
