Client Area Overview – Logical Structure

The **main screen** of the client area is divided into **three logical sections**:

1. **Navigation Block**
   - **"Go to Grafana"**: Direct link to access the application.
   - **"User Manual"**: Opens the official documentation or user guide.
2. **Resource Usage Block**
   - Displays real-time statistics on container resource usage:
     - **CPU Usage**: Number of allocated CPUs and current load.
     - **Memory Usage**: RAM consumption, helping clients understand available capacity.
     - **Disk Usage**: Storage consumption within the container.
   - This section is crucial for users to **monitor performance** and determine whether they need to **upgrade their package**.
3. **Application Information & Controls**
   - **Application Version**: Displays the installed software version.
   - **Owner Information**: Indicates the primary administrator of the application.
   - **User List**: Shows active users associated with the instance.
   - **Reset Password Button**: Allows the client to reset the administrator password for the application.

This **clear structure** ensures that users have **quick access** to their application, **real-time monitoring** of resource usage, and **essential management functions** in one place.
