# Home Screen

## Docker n8n module **WHMCS**

Order now | Download | FAQ | n8n

# Overview

The client area home screen provides quick access to the n8n instance, real-time monitoring of resource usage, and essential management functions in one place.

---

# Main Sections

## Navigation Block

- **User Manual** — Link to the documentation (if configured in product settings)

## Connection Details

- **n8n Web Interface** — Direct link to the n8n instance with a copy button
- **Change Owner Password** — Button to change the n8n owner password via modal dialog

## Resource Usage (Container Status)

Real-time monitoring of container resources:

- **Status** — Current container state (Running, Stopped, Paused, etc.)
- **CPU Usage** — CPU allocation and current load with progress bar
- **Memory Usage** — RAM consumption with progress bar

- **Disk Usage** — Storage usage with progress bar
- **Refresh** — Button to reload container statistics

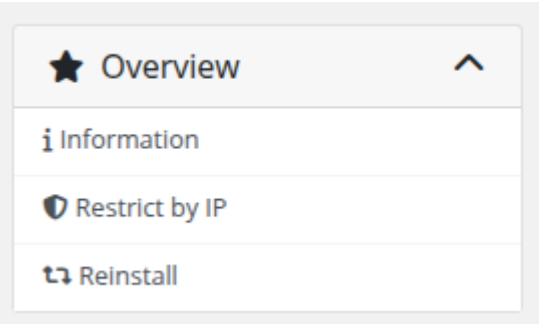

# Application Information

- **Version** — Installed n8n version
- **Users** — List of active users in the n8n instance

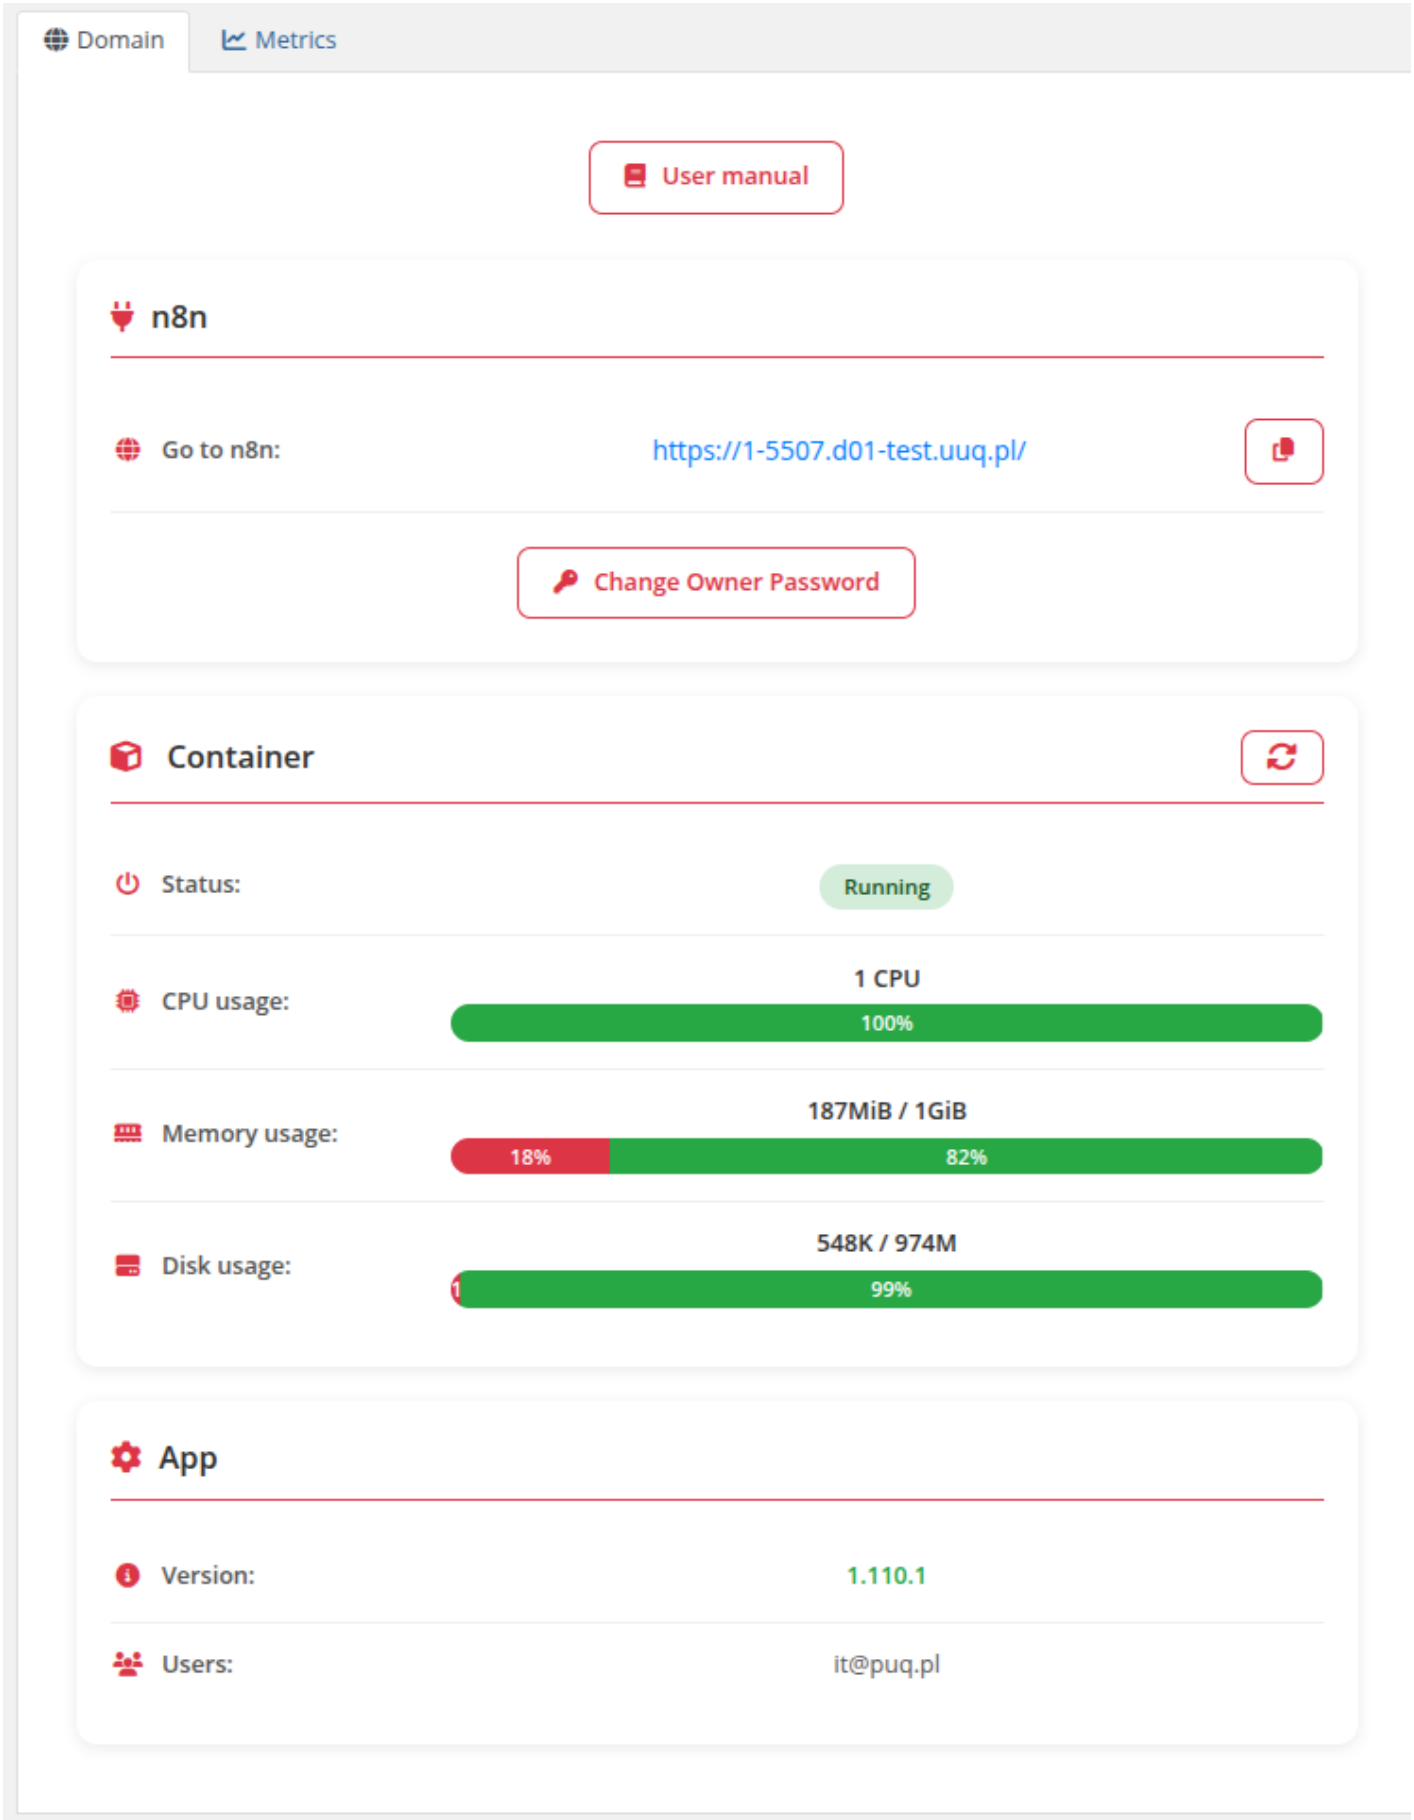

---

# Sidebar Navigation

- **Information** — Main dashboard (home screen)
- **Restrict by IP** — IP access control configuration
- **Reinstall** — Full service reinstallation

---
