**Overwrite package settings**  Overwriting the package settings is necessary to personalize the service if you need it.

**Send changes to server**  To apply the changes on the server, it is necessary to check this checkbox.

Update

In the opened tab, you have a view of the online status of the service. The available online information includes:

- Connection status to the API
- Information about the Emby account on the **Emby** server
- Information about the account

Also, below are fields with the client's personal data.

You can also individually override package options for the client by checking the '**Overwrite package settings**' box.

After modifying the configuration options, check the '**Send changes to server**' box to save the data to the Emby server.

Username	4-187	Password	fstYP6C	Server	emby-test.uuq.pl
Server Group	Default (Servers: 1)	Use All Libraries	<input checked="" type="checkbox"/>	select all libraries together select all libraries together
