		Streaming bitrate limit:		<input type="text" value="30"/>		Mbps			
		Remote control:		<input checked="" type="checkbox"/> Remote control of shared devices (DLNA devices are considered shared until a user begins controlling them) <input type="checkbox"/> Users can download media and store it on their devices. This is not the same as a sync feature. Book libraries require this enabled to function properly.					
		Media downloads:		<input type="checkbox"/> Allow subtitle downloading <input checked="" type="checkbox"/> If allowed, and if enabled in Emby mobile apps, users can automatically upload photos and videos taken from their camera to this Emby Server					
		Subtitle Downloading:		<input checked="" type="checkbox"/> Grant or deny access to the convert media feature. <input checked="" type="checkbox"/> Only web pages containing media information are shared. Media files are never shared publicly. Shares are time-limited and will expire after 30 days.					
		Camera upload:		<input type="checkbox"/> Allow this user to change their password and profile image <input type="text" value="em-"/>					
		Media conversion:		Will be attached to the beginning of username. Only small letters and numbers and symbol "-". <input type="text" value="-by"/>					
		Social media sharing:		Will be appended to the end of username. Only small letters and numbers and symbol "-".					
		User Preference Access:		<input checked="" type="checkbox"/> Allow Live TV access: <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> Allow Live TV recording management: <input checked="" type="checkbox"/> <input type="checkbox"/> Force transcoding of remote media sources such as Live TV: <input type="checkbox"/>					
		Username prefix:		<input type="text" value="-by"/> Show service password in the client area					
		Username suffix:		<input type="text" value=""/>					
		Allow Live TV access:		<input checked="" type="checkbox"/>					
		Allow Live TV recording management:		<input checked="" type="checkbox"/>					
		Force transcoding of remote media sources such as Live TV:		<input type="checkbox"/>					
		Show Password:		<input type="text" value="Show button"/> Show service password in the client area					
Switch to Advanced Mode									
<input type="radio"/> Automatically setup the product as soon as an order is placed <input checked="" type="radio"/> Automatically setup the product as soon as the first payment is received <input type="radio"/> Automatically setup the product when you manually accept a pending order <input type="radio"/> Do not automatically setup this product									

- **License key:** A pre-purchased license key for the "PUQ Emby" module. For the module

to work correctly, the key must be active

Libraries:

- **Use All Libraries:** Choosing all of libraries from your Jellyfin server
- **Libraries:** The libraries you want to make available to customers of this product.
(IMPORTANT! Start a new line for each new library)

Example:

"Movies

Beginner`s Programming Course`

Comedy"

IMPORTANT!

If you have a folder named "-", please enter it not as the first one or rename it.

If you want to select all folders together, simply leave the field EMPTY.

If you don't want any folder to be accessible, type "-".

User Configuration:

- **Streaming bitrate limit:** An optional per-stream bitrate limit for all out of network devices. This is useful to prevent devices from requesting a higher bitrate than your internet connection can handle. This may result in increased CPU load on your server in order to transcode videos on the fly to a lower bitrate.
- **Remote control:** Remote control of shared devices (DLNA devices are considered shared until a user begins controlling them)
- **Media downloads:** Users can download media and store it on their devices. This is not the same as a sync feature. Book libraries require this enabled to function properly.
- **Subtitle Downloading:** Allow subtitle downloading
- **Camera upload:** If allowed, and if enabled in Emby mobile apps, users can automatically upload photos and videos taken from their camera to this Emby Server
- **Media conversion:** Grant or deny access to the convert media feature.
- **Social media sharing:** Only web pages containing media information are shared. Media files are never shared publicly. Shares are time-limited and will expire after 30 days.
- **User Preference Access:** Allow this user to change their password and profile image
- **Username prefix/Username suffix:** Necessary in order to generate a username for the service, in the format: **prefix<client_id>-<service_id>suffix**

Allow playback (Restricting access to transcoding may cause playback failures in clients due to unsupported media formats)

- **media**
- **audio that requires transcoding**
- **video that requires transcoding**
- **video that requires conversion without re-encoding**

Feature access:

- **Allow Live TV access**
- **Allow Live TV recording management**
- **Force transcoding of remote media sources such as Live TV**

Links

- **Link to instruction:** Link to the instruction, if filled out, it will be reflected in the client area
