Overwrite package settingsOverwriting the package settings is necessary to personalize the service if you need it.

Send changes to serverTo apply the changes on the server, it is necessary to check this checkbox.

Update

In the opened tab, you have a view of the online status of the service. The available online

information includes:

- Connection status to the API
- Information about the Emby account on the **Emby** server
- Information about the account

Also, below are fields with the client's personal data.

You can also individually override package options for the client by checking the '**Overwrite package settings**' box.

After modifying the configuration options, check the '**Send changes to server**' box to save the data to the Emby server.

Username	em-4-120-by	Password		Server	emby-test.uuq.pl123
<hr/>					
Server Group	Default (Servers: 1)	Use All Libraries	<input type="checkbox"/>	select all libraries together	
Username prefix	em- Will be attached to the beginning of username. Only small letters and numbers and symbol "-"	Libraries	Movies
