

# BACKUP section

## HestiaCP module **WHMCS**

[Order now](#) | [Download](#) | [FAQ](#)

The end client, having entered the BACKUP section of the client panel, has access to the following information and parameters:

- Navigation bar and status information on each card.
- Button to go to add a new backup
- Cards with information about the client's backups
  - Backup name
  - User directories
  - Web sites
  - DNS zones
  - Databases
  - Disk Space (Size)
  - Time and date the entry was created
  - Buttons for managing backups
    - Download
    - Restore
    - Delete

The screenshot displays the HestiaCP Backup section interface. At the top, there is a navigation bar with the title "Adding a new backup" and six buttons: WEB (globe icon), DNS (blue square with white 'D'), MAIL (red envelope icon), DB (yellow cylinder icon), CRON (purple clock icon), and BACKUP (pink document with key icon). Below the navigation bar, three confirmation pop-up windows are shown:

- Backup restore**: "Create a new backup ?" with a close button (X) in the top right corner. Below the title, it says "After clicking on the button, confirmation of the action is available in a pop-up window."
- Backup delete**: "Are you sure you want to Restore the Backup" with a close button (X) in the top right corner. Below the title, it says "After clicking on the button, confirmation of the action is available in a pop-up window." and lists the backup name: "serv1\_fzlv\_2\_4861.2023-03-07\_14-05-02.tar".
- Backup delete**: "Are you sure you want to delete the Backup" with a close button (X) in the top right corner. Below the title, it lists the backup name: "serv1\_jqle\_2\_4877.2023-04-12\_05-10-07.tar".
