

License Management

In your **personal customer account** You have the ability to manage your license for the software product.

The screenshot displays the WHMCS user interface for managing licenses. On the left, a sidebar contains navigation links: Overview, Information, Actions, Product name, Product version, Clear registration data, License period, Upgrade/downgrade, License expiration date, Request Cancellation, License last check, License IP, and License domain.

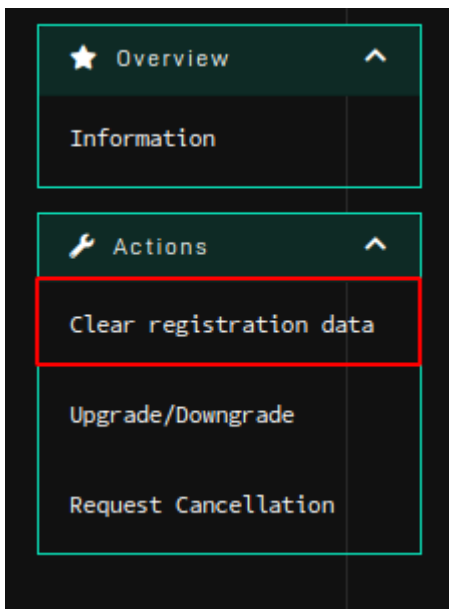

The main content area shows:

- Status:** Active
- Product name:** WHMCS module Mikrotik VPN (1_month)
- License status:** Active
- Amount:** 10.00 EUR/Monthly
- Next Due Date:** 15-08-2022
- Deferment of payment:** 15-09-2022
- Description:** Provisioning module for the WHMCS. For manage Mikrotik secrets users as a product VPN.
- License key:** D8FG2F-[REDACTED]-EFCPQJ

At the bottom, there are two large red arrows pointing right, labeled "User manual" and "Download the software".

If for some reason you need to re-register your license key, for example, the IP address or domain name of your server has changed. You need to click on the **Clear registration data** button

	License period	month	
	License slots	1	
	License expiration date	2022-09-15 17:49:07	
	License last check		
	License IP		
	License domain		
	Created at	2022-08-15 17:49:08	
	License description
