

Add Media Account

Jellyfin Family module **WHMCS**

[Order now](#) | [Download](#) | [FAQ](#)

Username - Set a media account username. It consists of the username of the main account and a unique name for this media account.

Password - Write a password for registering the media account, or generate one by clicking Generate.

Disable libraries - Here are all the libraries available to the main account. If you want to restrict access for this media account to any of the libraries, simply select that library.

Press **Ctrl** to select multiple libraries.

Press **Shift** to select all libraries.

 Add Media Account
