Add Media Account

Jellyfin Family module **WISECP**

Order now | Download | FAQ

Username - Set a media account username. It consists of the username of the main account and a unique name for this media account.

Password - Write a password for registering the media account, or generate one by clicking Generate.

Disable libraries - Here are all the libraries available to the main account. If you want to restrict access for this media account to any of the libraries, simply select that library.

> Press **Ctrl** to select multiple libraries.
> Press **Shift** to select all libraries.
