MinIO S3 module **WISECP**

[Order now](#) | [Download](#) | [FAQ](#)

1. Log in to the administrative area of your **WISECP**.
2. Go to module configuration.

Services -> Service Management -> Module Settings -> Other -> All Modules -> PUQ MinIO S3

The screenshot displays the WISECP administrative dashboard. At the top, there is a navigation bar with the WISECP logo and a search bar. Below the navigation bar, there are several menu items: Settings, Orders (5), Billing, Clients, Tools, WAnalytics, Support, Services, Site Management, Languages, and Help. The 'Services' menu is currently open, showing a dropdown list of options: Service Management, Hosting Management, Domain Name Registration, Software Services, Add Group, Module Settings, Addons, and Order Requirements. The 'Module Settings' option is highlighted with a red underline. In the background, there are two summary cards: 'Today Sales (Turnover)' for Yesterday showing €0, and 'Current Month Expenses' showing €0.
