Nextcloud WHMCS module

The Nextcloud WHMCS module is a provisioning module that integrates WHMCS with Nextcloud servers, enabling cloud service providers to offer Nextcloud-based accounts to their customers. The module automates the full lifecycle of user account management through API integration with Nextcloud.

Main features

- **Automatic account provisioning** — auto create and deploy client Nextcloud accounts upon order activation
- **Account lifecycle management** — create, suspend, unsuspend, terminate, change password, and change package (upgrade/downgrade) for Nextcloud user accounts
- **Disk usage monitoring** — track and display disk usage statistics with historical data and configurable retention period
- **Email notifications** — automatic notifications when disk usage exceeds configurable thresholds, sent via WHMCS cron
- **Multi-language support** — 25 languages including Arabic, Catalan, Chinese, Croatian, Czech, Danish, Dutch, Estonian, Farsi, French, German, Hebrew, Hungarian, Italian, Macedonian, Norwegian, Polish, Romanian, Russian, Spanish, Swedish, Turkish, and Ukrainian
- **Client area integration** — customers can view server address, credentials with copy-to-clipboard, disk usage pie chart, usage statistics, and access user manual
- **Admin area tools** — administrators can view license status, API connection status, user details (username, enabled status, group, email), and disk usage with visual progress bar
- **Configurable username/password rules** — flexible rules for automatic username and password generation using macros ({client_id}, {service_id}, {random_digit_x},

{random_letter_x}, date/time macros)
- **Group management** — assign Nextcloud groups to users on the server side, automatic group creation
- **Unlimited quota support** — set disk size to 0 for unlimited storage
- **License verification** — built-in license system with online/offline verification and admin alerts

---

System requirements

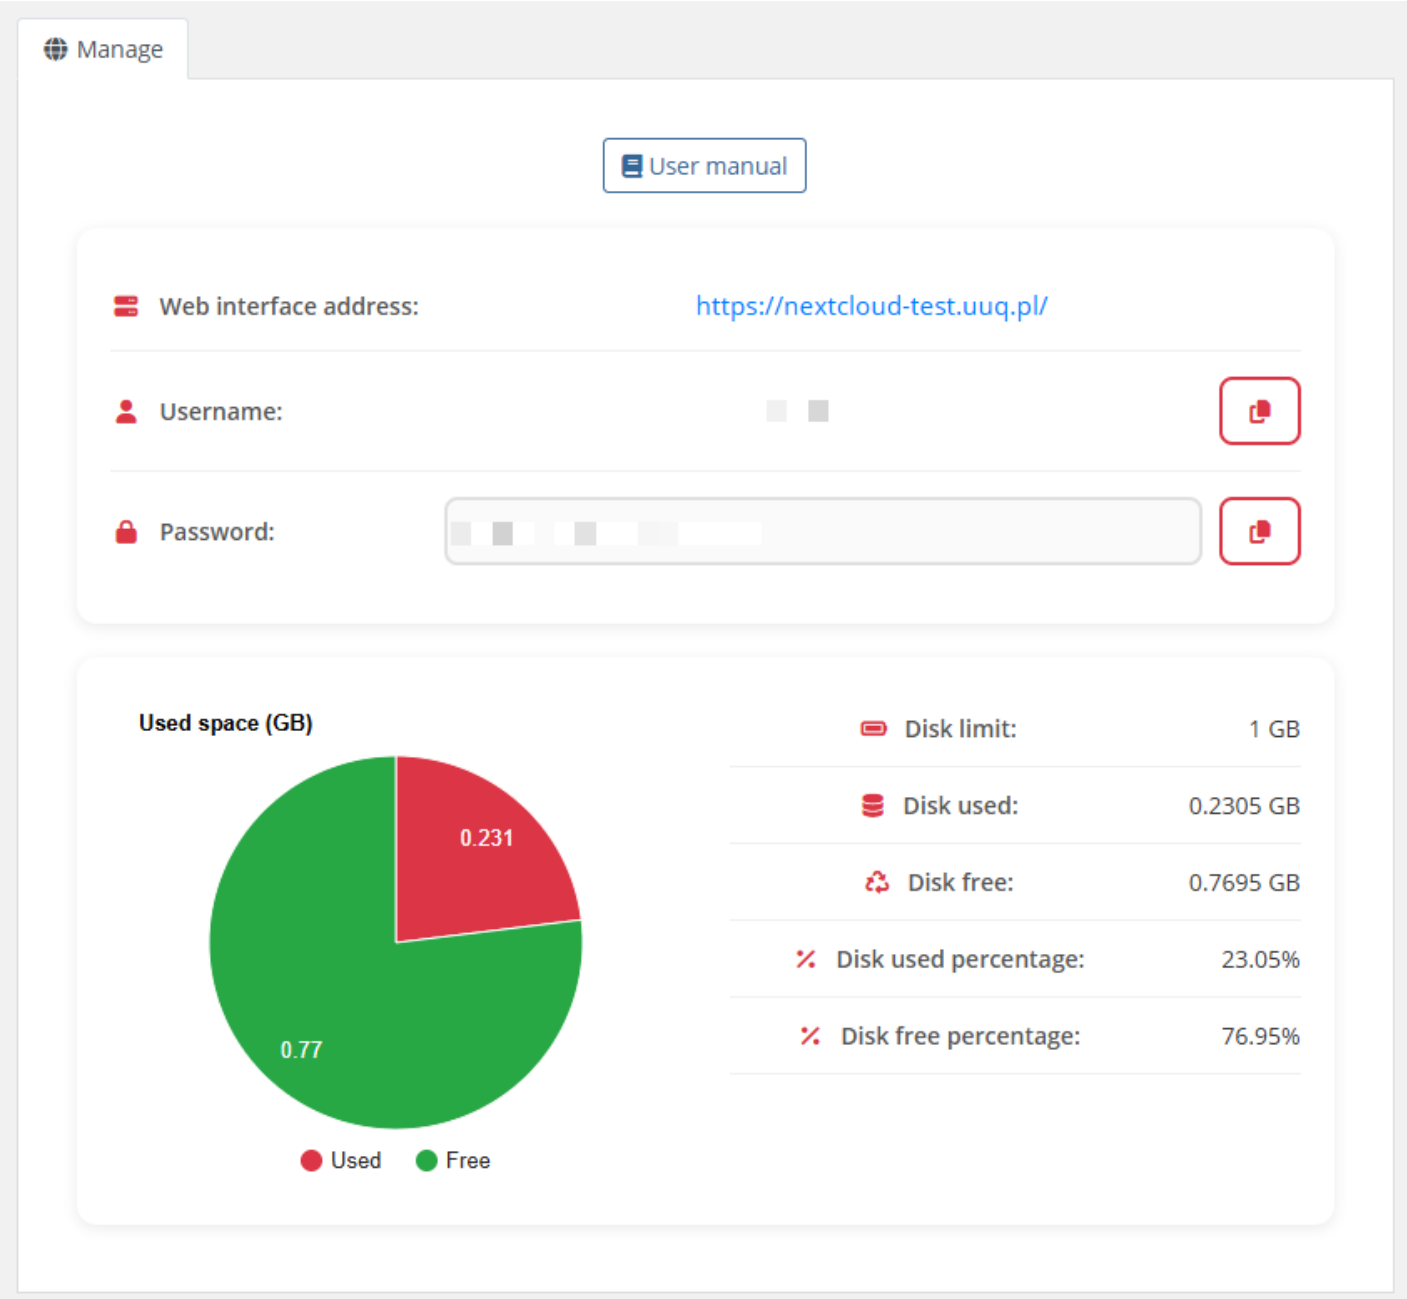

Requirement	Minimum
WHMCS	8.x+, 9.x+.
PHP	7.4, 8.1, 8.2, 8.3, 8.4
Nextcloud	20+
ionCube Loader	v15+
