

Service/Product configuration

ownCloud module **WISECP**

[Order now](#) | [Download](#) | [FAQ](#)

If you do not have a **Service Group** where you want to place the new service, you need to create a new **Service Group**

1. Log in to the administrative area of your **WISECP**.
2. Create New Service Group

Go to

Services -> Service Management -> Add Group

The screenshot displays the WISECP administrative dashboard. At the top, there is a 'Smart Search' bar. Below it is a navigation menu with the following items: Settings, Orders (5), Billing, Clients, Tools, WAnalytics, Support, Services, Site Management, Languages, and Help. The 'Services' menu item is highlighted, and a dropdown menu is visible with the following options: Service Management, Hosting Management, Domain Name Registration, Software Services, Add Group (underlined in red), Module Settings, Addons, and Order Requirements. On the left side of the dashboard, there are two summary cards: 'Today Sales (Turnover)' showing €0 for 'Yesterday' and 'Current Cash' showing €0 for 'Current Month Expenses'.

Enter all the necessary data and click the '**Create Group**' button.
