The Dashboard is the main screen of PUQ Page Manager. It provides a quick overview of your pages, recent activity, and system information.

PUQ Page Manager

The screenshot shows the PUQ Page Manager dashboard. At the top is a navigation bar with 'Dashboard', 'Pages', 'Analytics', and 'Settings' menus, along with 'Help' and 'v1.0' status. Below the navigation bar are four overview cards: 'Total Pages' (23), 'Published Pages' (23), 'Draft Pages' (0), and 'Archived Pages' (0). The main content area is divided into two columns. The left column features a 'Top Viewed Pages' table with columns for Name, URL, and Views. The right column features a 'System Info' section with three metrics: 'Total Views' (333), 'Total Revisions' (324), and 'Available Widgets' (24). Below these is a 'Recent Changes' table with columns for Date, Admin, Name, and Language.

Overview Cards

At the top of the dashboard, four cards display key statistics:

Card	Description
------	-------------

Total Pages	Total number of pages created
Published Pages	Pages with "Published" status
Draft Pages	Pages with "Draft" status
Archived Pages	Pages with "Archived" status

Top Viewed Pages

A table showing the most viewed pages, sorted by total views. Displays the page name and view count.

System Info

The right-side panel shows:

Metric	Description
Total Views	Combined view count across all pages
Total Revisions	Number of saved page revisions
Available Widgets	Number of widgets available in the editor

Recent Changes

A table listing the most recent page edits, including the page name, who made the change, the language, and when the change was made.

Navigation

The top navigation bar provides access to all module sections:

Tab	Description
Dashboard	This page — overview and statistics

Tab	Description
Pages	List of all pages, add new page
Analytics	Page view statistics and charts
Settings	General settings, page rewrites, import/export, password page appearance
Help	Links to documentation, website, and community
