Mini Menu

PUQ Page Manager module **WHMCS**

Order now | Download | Community

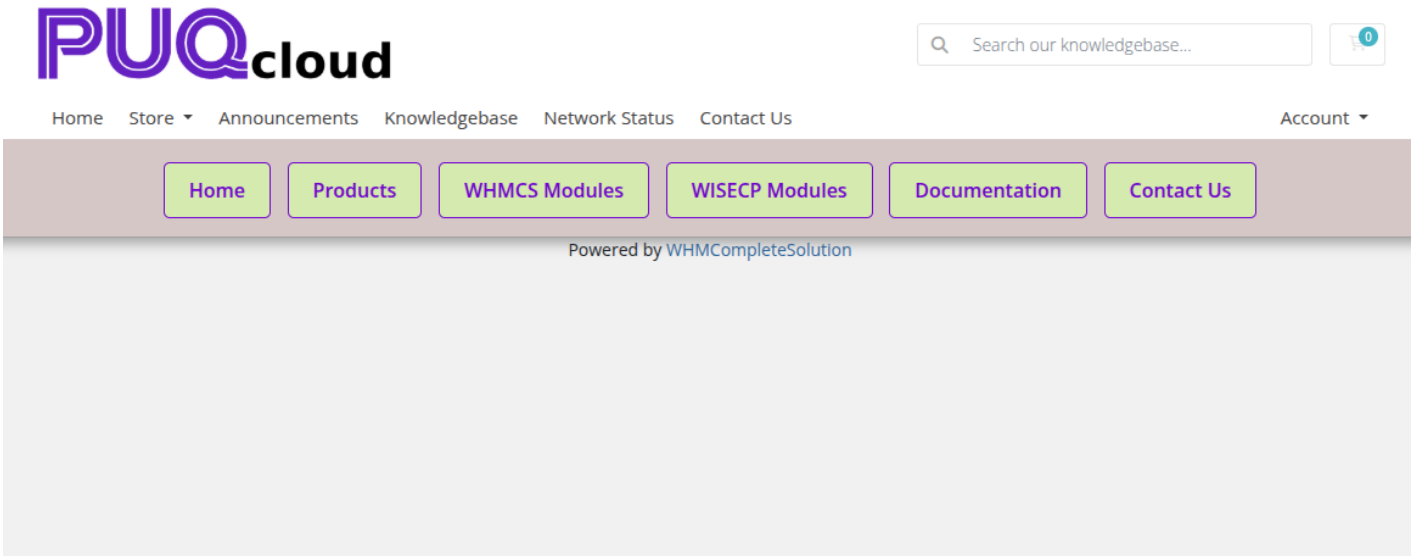

The Mini Menu widget renders a compact horizontal navigation menu strip. Each item can link to any URL with optional new-tab opening and box-style display. Three style variants are available: a default inline strip, a bottom-anchored bar, and a static positioned menu.

Styles

3 style templates are available: `puq` (default), `puq-bottom`, `puq-static`.

Settings

Layout

Setting	Description
width	Widget container width (e.g. `100%`, `800px`)
margin-top	Top margin of the widget block
margin-bottom	Bottom margin of the widget block
Style	Visual style template (`puq`, `puq-bottom`, `puq-static`)

Colors

Setting	Description
Buttons background (`color_1`)	Background color of the menu buttons
Button text (`color_2`)	Text color of the menu buttons
Button border (`color_3`)	Border color of the menu buttons
Buttons background hover (`color_4`)	Background color on hover
Button text hover (`color_5`)	Text color on hover
Button border hover (`color_6`)	Border color on hover

Background

Setting	Description
Background image	URL of the background image for the widget container
Background color	Background color of the widget container
Disable Shadow	Remove the drop shadow from the widget container
Disable Radius top	Remove top corner rounding
Disable Radius bottom	Remove bottom corner rounding
Disable Background	Remove the background panel entirely
Full width	Stretch the widget to the full page width

Header

Setting	Description
Header	Optional heading text displayed above the menu
Text color	Color of the header text
Disable header	Hide the header text

Menu Items

Each menu item row contains the following fields:

Field	Description
Menu item name	Display label for the navigation link
URL	Destination URL for the link
New Tab	Open the link in a new browser tab when checked
Box	Display style variant for the individual button

Use the **+** button to add new menu items. Items can be reordered with the up/down arrows and removed with the delete button.
