TIMELINE - BORDER

January 2020

Company Founded

Our journey began with a simple idea: to create innovative solutions that make a difference. Three co-founders came together in a small garage office.

June 2020

First Product Launch

After months of development and testing, we launched our flagship product to overwhelming positive response from early adopters.

March 2021

Series A Funding

Secured \$5M in Series A funding from leading venture capital firms, enabling us to expand our team and accelerate product development.

September 2021

Team Expansion

Grew from 5 to 50 team members across engineering, design, marketing, and customer success departments.

February 2022

Global Expansion

Opened offices in London and Singapore, bringing our total to three locations worldwide. Began serving customers in over 30 countries.

August 2022

Major Platform Update

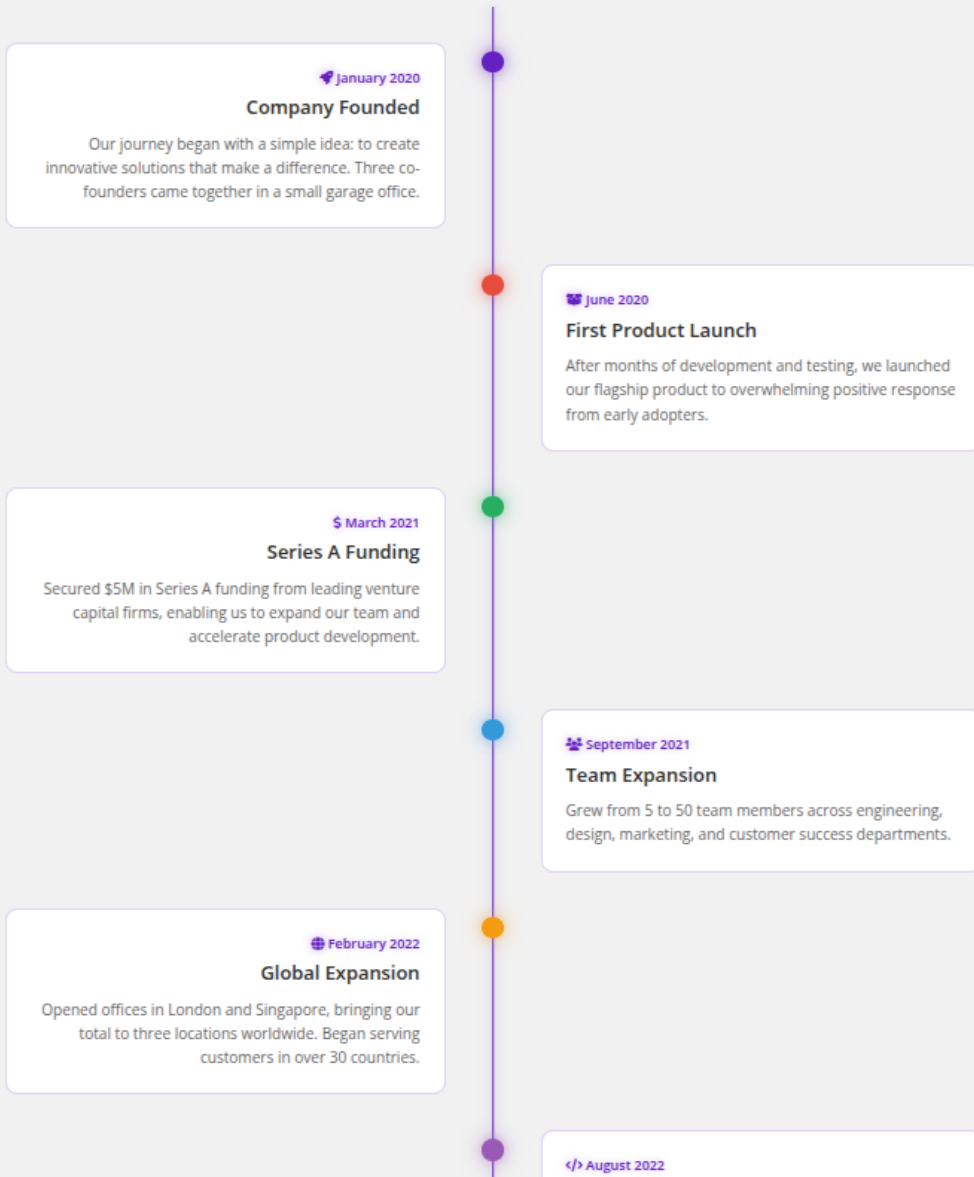

Released version 2.0 with AI-powered features, real-time collaboration tools, and a completely redesigned user interface.

January 2023

TIMELINE - NEON DARK

timeline-13-style-neon-alt.png

Settings

Content Settings

Setting	Type	Default	Description
---------	------	---------	-------------

layout	select	vertical	Timeline orientation: vertical or horizontal
alternate	checkbox	off	Alternate event cards between left and right sides of the timeline axis

Color Settings

Setting	Type	Default	Description
color_1	color	—	Event title text color
color_2	color	—	Event description text color
color_3	color	—	Event date text color
color_4	color	—	Timeline line and dot color
color_5	color	—	Event card background color
color_6	color	—	Icon and accent color

Header

Setting	Type	Default	Description
header	text	Our History	Heading text displayed above the widget
header_text_color	color	#000000	Color of the header text
disable_header	checkbox	off	Hide the header entirely

Items

Each timeline entry is a row in the visual editor with the following fields:

Field	Description
date	Date or time label for the event (e.g. 2024 , January 2025)
icon	Font Awesome icon class for the timeline dot (e.g. fas fa-star)
color	Dot color for this specific entry (overrides the global dot color)

Field	Description
title	Title of the event
description	Description text for the event (stored base64-encoded)

Items can be added, removed, and reordered using the visual editor.

Layout Settings

Setting	Type	Default	Description
width	text	—	CSS width of the widget container (e.g. <code>800px</code> , <code>100%</code>)
margin_top	text	—	CSS top margin (e.g. <code>20px</code>)
margin_bottom	text	—	CSS bottom margin (e.g. <code>20px</code>)
style	select	<code>puq</code>	Visual style template
background_image	text	—	URL of the background image
background_color	color	<code>ffffff</code>	Background color of the widget container
disable_background_shadow	checkbox	off	Remove the drop shadow from the container
disable_background_radius_top	checkbox	off	Remove the top border radius from the container
disable_background_radius_bottom	checkbox	off	Remove the bottom border radius from the container
disable_background	checkbox	off	Disable the background container entirely
full_width	checkbox	off	Stretch the widget to the full page width
