Summary Cards

The top section displays four key metrics:

Metric	Description
Total Products	Total number of products configured in WHMCS
Product Groups	Number of product groups
Active Services	Total services with Active status across all products
Total Services	Total number of services across all statuses

Products Table

A sortable and searchable table listing every product with the following columns:

Column	Description
#	Product ID in WHMCS
Product Name	Name of the product (clickable link)
Type	Product type (hostingaccount, server, other, etc.)
Group	Product group the product belongs to
Active	Number of active services (green badge)
Suspended	Number of suspended services (yellow badge)
Terminated/Cancelled	Number of terminated and cancelled services (red badge)
Total	Total number of services for this product

The table supports real-time search filtering and column sorting.
