To create a new custom page, simply select the desired type for the page and click the "Add New" button. This will initiate the process of creating a unique page tailored to your specific needs.

To edit the newly created page and configure it for each language separately, please follow these instructions:

- By following these instructions, you can edit and configure the custom page individually for each language, allowing you to provide tailored content and settings to your website visitors based on their language preferences.

Revision #4
