On the "Pending Suspend" page, you will find a list of services that are queued for suspension. The table consists of the following fields:

1. Client: The name or identifier of the client associated with the service.
2. Product Name: The name or description of the service/product.
3. Status: The current status of the service, indicating whether it is pending suspension.
4. Suspend After: The date and time when the service is scheduled to be suspended.
5. Suspend Reason: The reason or explanation for the upcoming suspension.
6. Next Due Date: The next due date or renewal date of the service.
7. Client Notes: Any additional notes or comments related to the client or service.

This table provides an overview of services that are awaiting suspension, allowing you to manage and monitor the pending suspensions efficiently. You can review the details and take appropriate actions based on the information provided in each field.
