PUQcloud Panel

Order Now | Download | FAQ

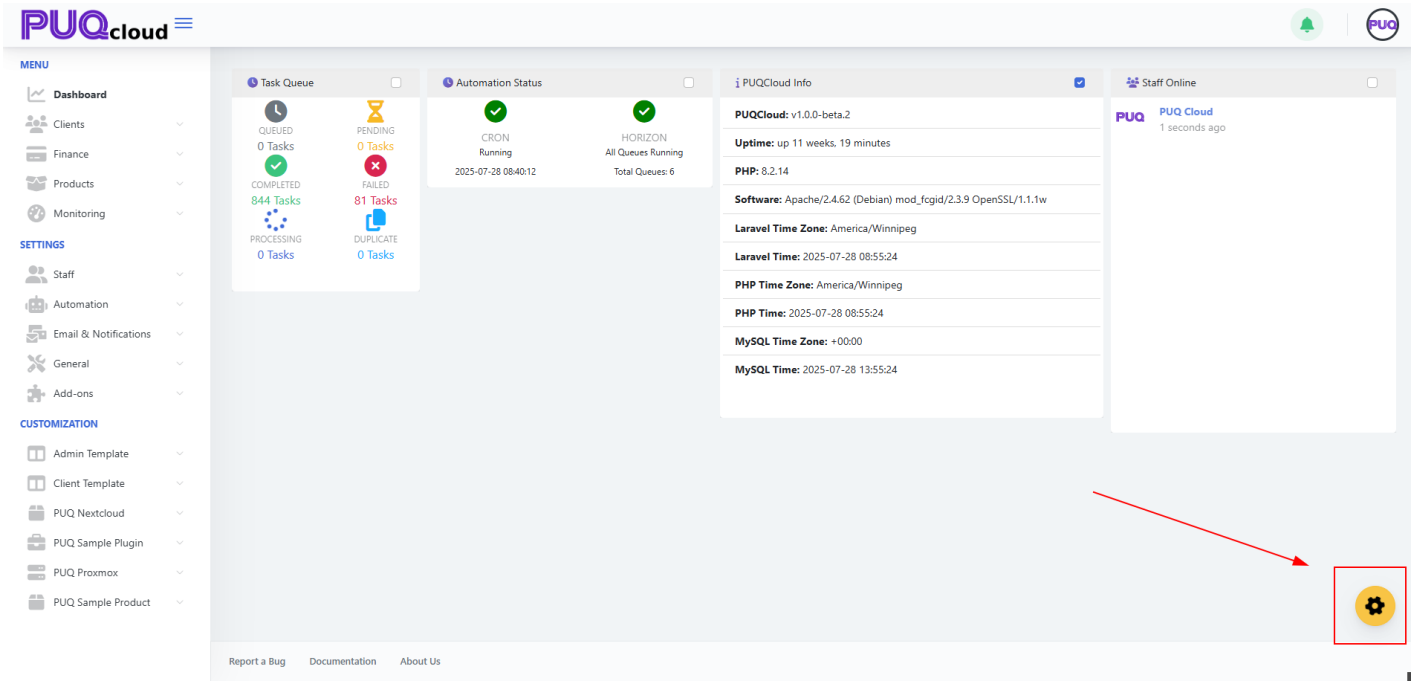

On the PUQcloud dashboard, you can see basic information such as:

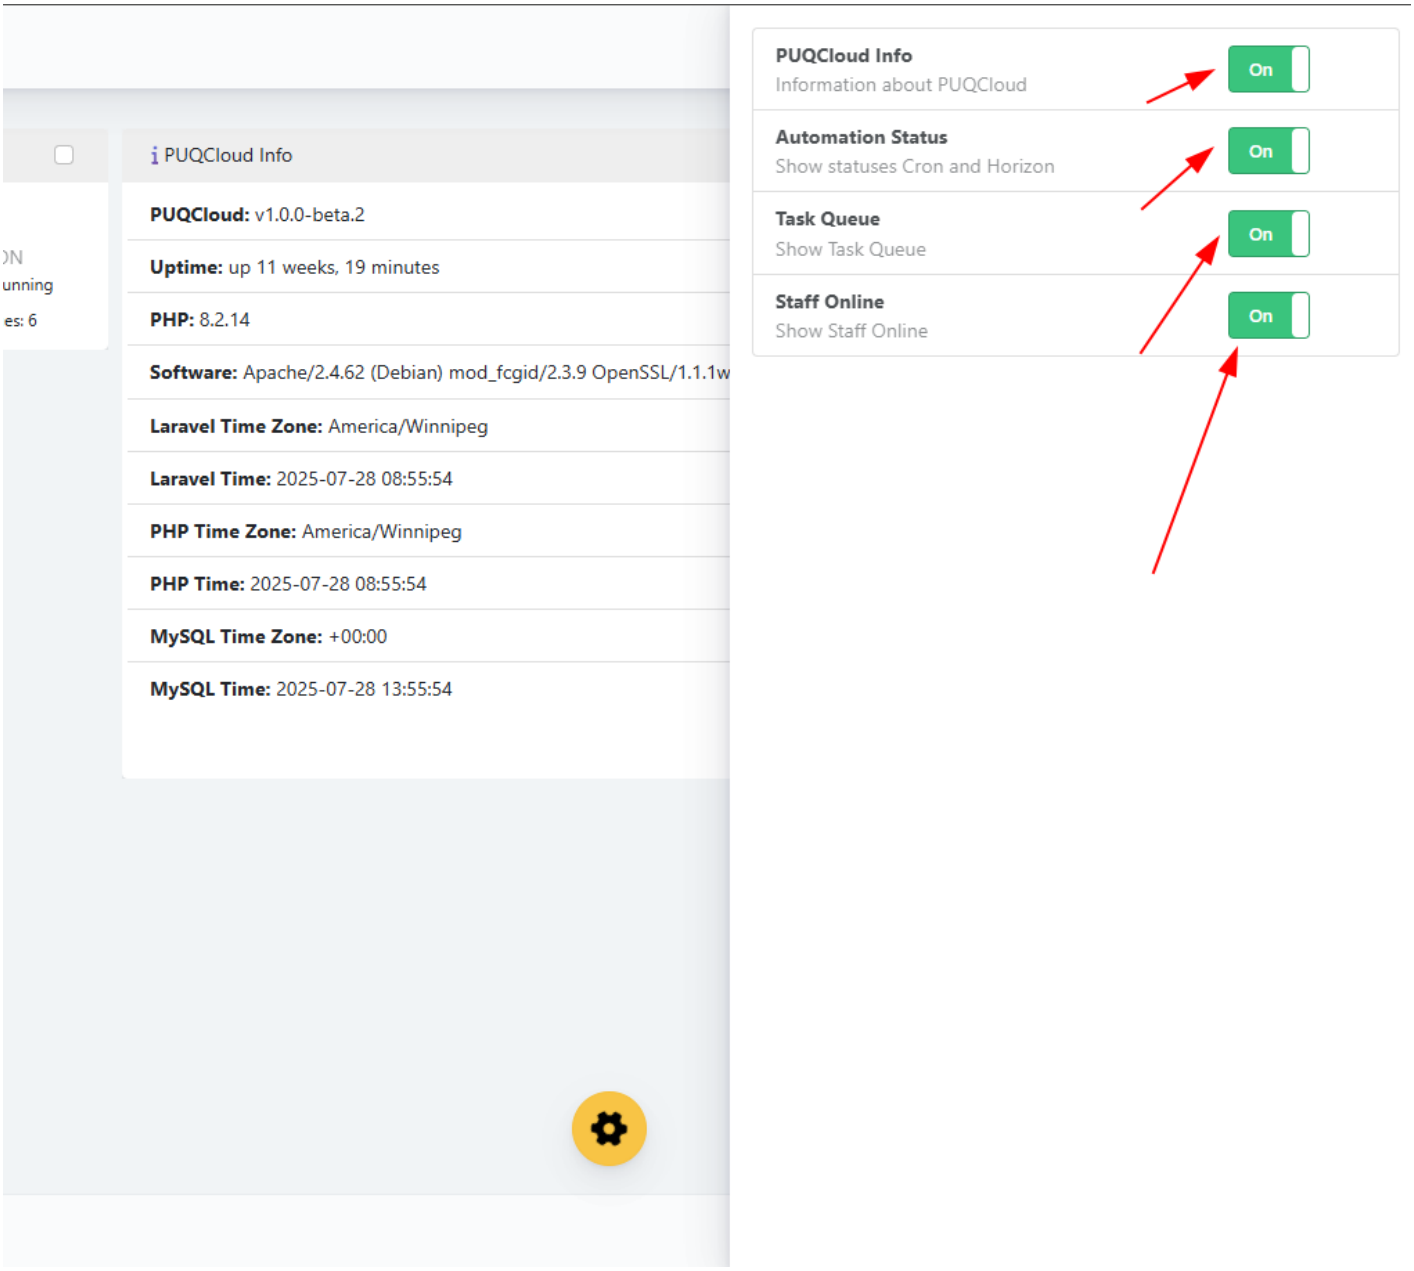

- **Task Queue** – Live information about all task statuses, including Queued, Pending, Completed, Failed, Processing, and Duplicate.
- **Automation Status** – Information about Cron and Horizon statuses.
- **PUQcloud Info** – General information about the panel.
- **Staff Online** – A list of currently online staff members.

You can also manage the widgets on the dashboard.

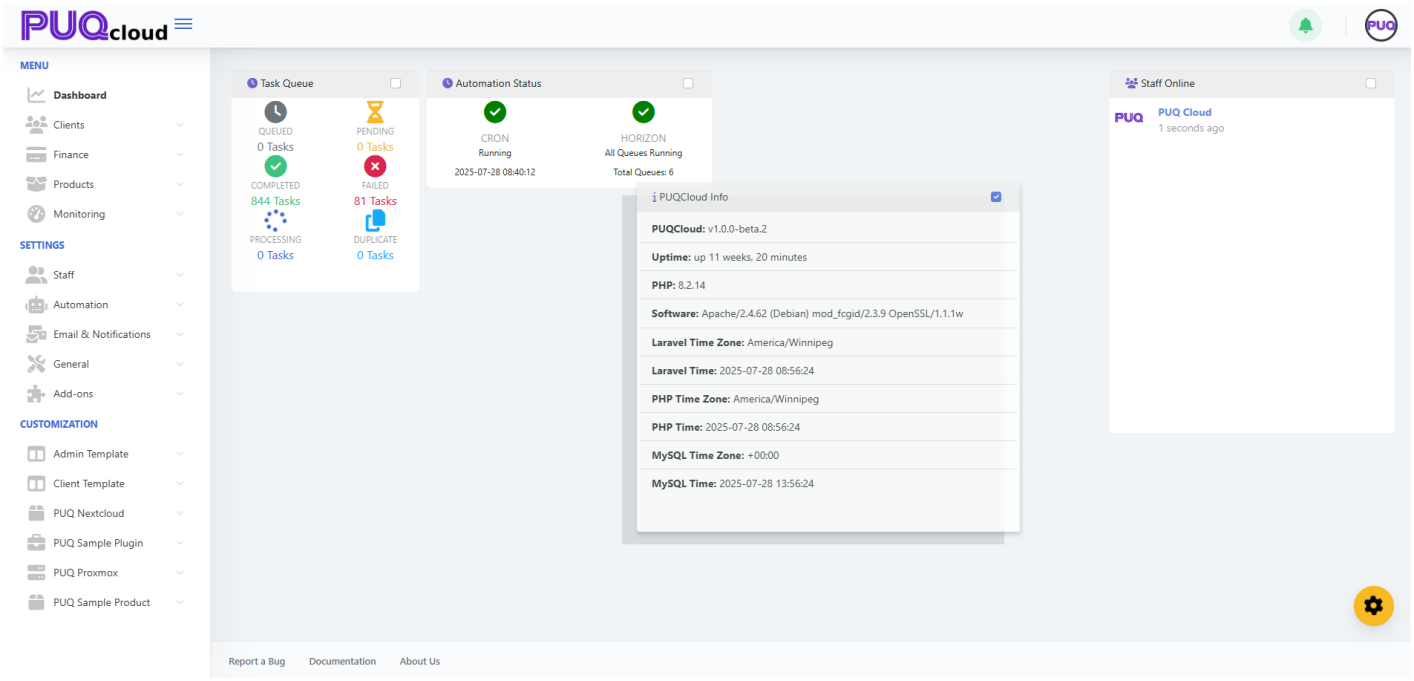

Click the **gear icon** in the bottom-left corner.

Toggle widgets on or off as needed.

You can also rearrange any widget by simply dragging it to your preferred location.
