Check Countries in the Admin Area

PUQcloud Panel

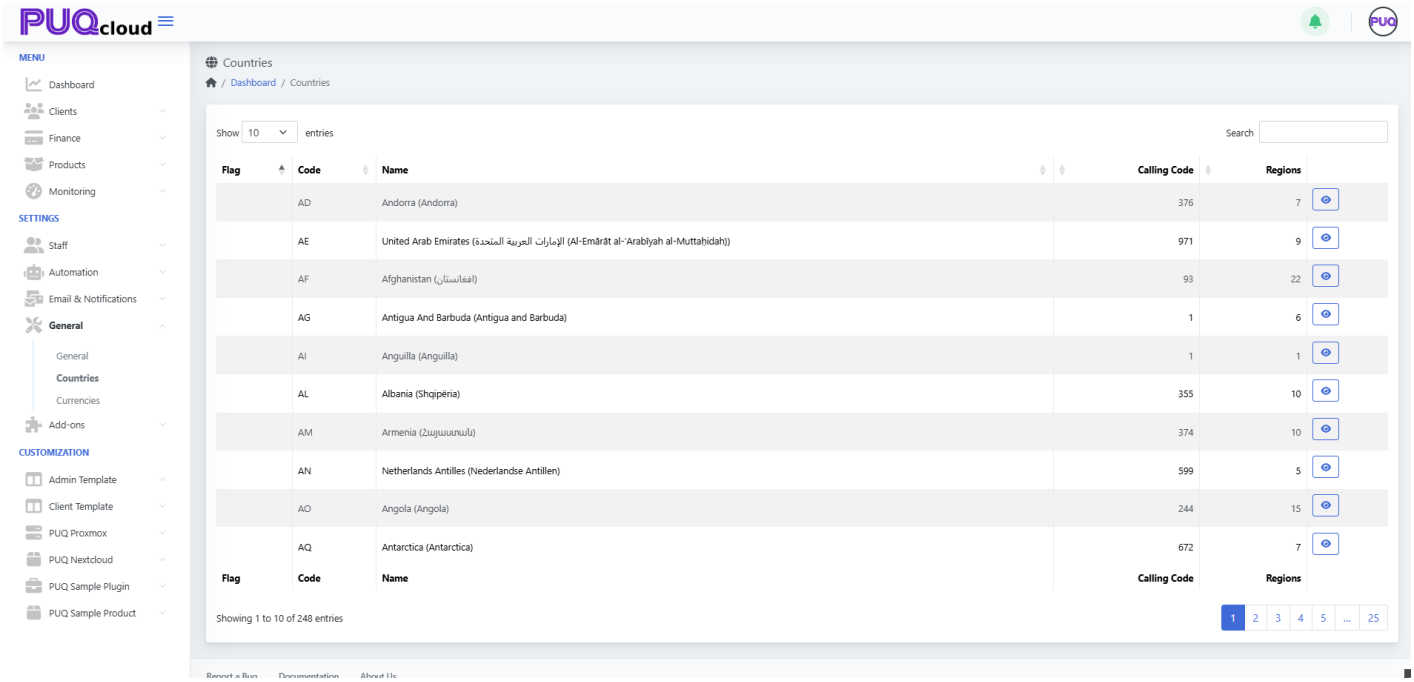

Order Now | Download | FAQ

Follow these steps to review country records and their regions.

Go to Countries

- In the left menu, open **Settings → General → Countries**.
  You'll see a paginated table with columns **Flag**, **Code**, **Name**, **Calling Code**, and **Regions**.
  Use the **Search** box (top-right) and the **Show entries** dropdown to filter and page through results.

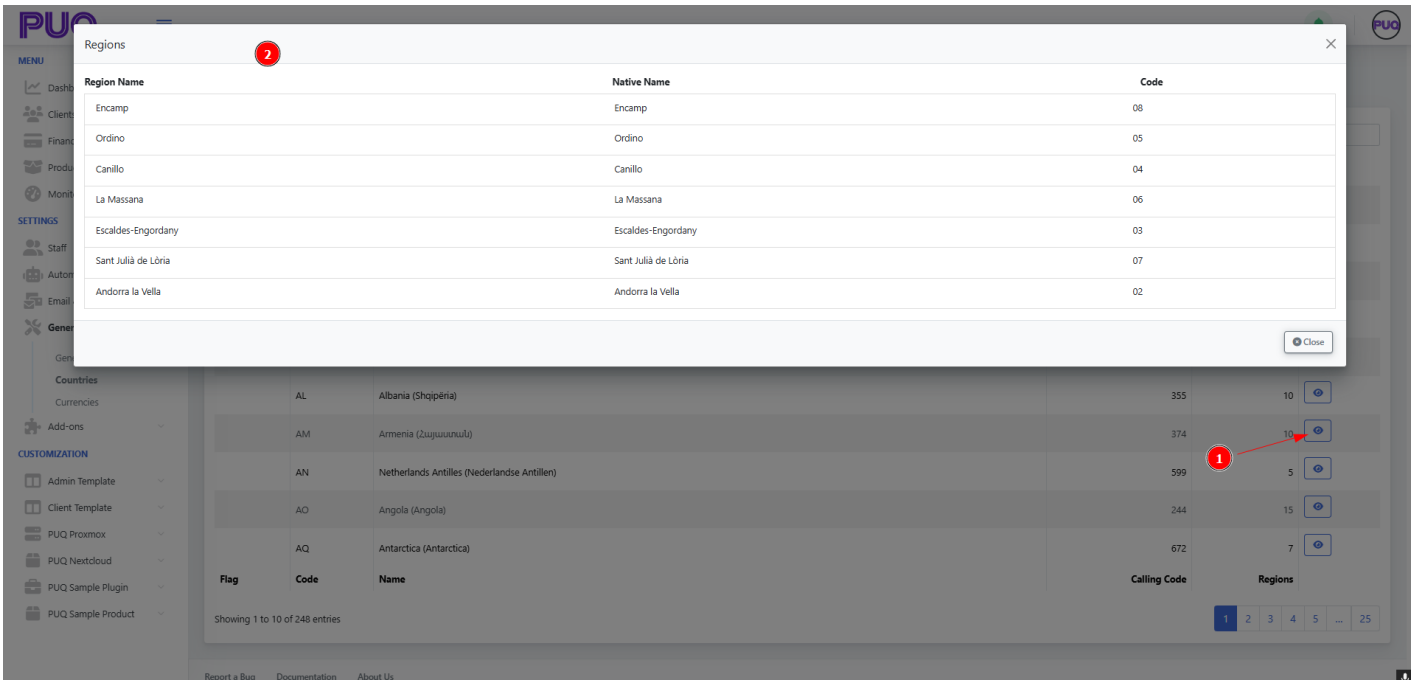

Countries list with search, pagination, and "Regions (eye)" action.

View a country’s regions

- In the **Regions** column, click the **eye** button for the country you want to inspect.

Regions modal listing Region Name, Native Name, and Code (with Close button).

Tips

- Click column headers to sort (e.g., by **Code** or **Calling Code**).
- The Regions modal is read-only; use the **Close** button to return to the list.
