## 1. Open Transactions View

- From the left-side menu, go to:  
**Finance → Transactions**

## 2. Understand the Columns

Each transaction row includes the following:

Column	Description
<b>Client</b>	The name of the client associated with the transaction.
<b>Transaction ID</b>	Displays the transaction type (e.g. CHARGE) and a unique ID or "No Transaction ID".
<b>Gross / Net</b>	Amount before and after fees or discounts.

Column	Description
<b>Balance</b>	The client's account balance after the transaction.
<b>Description</b>	Contains a reference to the service and billing logic.
<b>Period</b>	Time range for which the charge applies.
<b>Date</b>	The exact timestamp of when the transaction occurred.

### 3. Clickable Navigation

- **Click on the Client name**  
→ You will be redirected to the **Client Summary page** of that user.
- **Click on the link in the Description column**  
→ You will be redirected to the **specific Service page** within the client's profile that generated the transaction.

### Notes:

- Transactions are displayed in real-time.
- You can search, filter, and track charges per hour, per service.
- Currency is shown per client's preference (e.g., CAD, USD).
