

IKEv2 online users list

[Order now](#) | [Download](#) | [FAQ](#)

In order to see which VPN accounts are online in the **IKEv2** protocol, you need to go to the menu item **VPN accounts->IKE_v2 online**

The screenshot shows the PUQVPNCP dashboard. At the top right, there are links for '? HELP?', 'ruslan (10.0.110.3)', and 'Logout'. The left sidebar contains navigation options: 'Dashboard', 'VPN servers', 'VPN accounts' (with sub-options: 'List of accounts', 'Add account', 'WireGuard online', and 'IKEv2 online'), 'Settings', and 'About us'. The main content area is titled 'IKEv2 online: 3' and displays a table of active users.
