

Add VPN account

WireGuard Business-VPN module **WISECP**

[Order now](#) | [Download](#) | [FAQ](#)

To create a new VPN account, you need to click on the **"Add VPN Account"** button on the main screen of the product.

In the opened window, you need to enter the Username, Password and select an IP address for the account that the account will use. Don't forget to click the **"Add VPN Account"** button.

The screenshot shows a form titled 'Add VPN account' with a 'Turn Back' button at the top. It contains three input fields: 'Username' with the value 'wisecp-2-124-cloud- test', 'Password' with a 'Generate' button and the value 'FqGwhyHVHaBG', and 'IP address' with a dropdown menu showing '10.0.5.5'. At the bottom is a green 'Add VPN account' button with a person icon.
