Service configuration

WireGuard VPN module WISECP

Order now | Download | FAQ

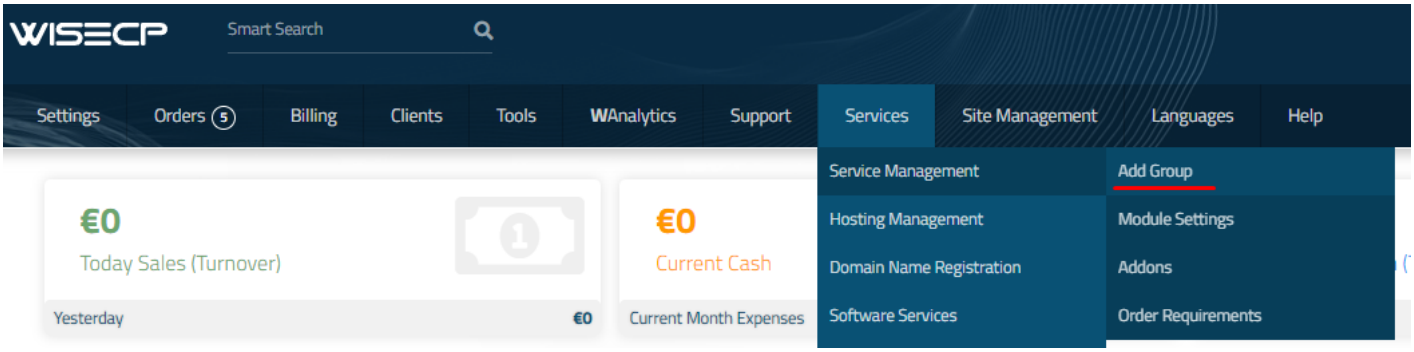

> If you do not have a **Service Group** where you want to place the new service, you need to create a new **Service Group**

1. Log in to the administrative area of your **WISECP**.

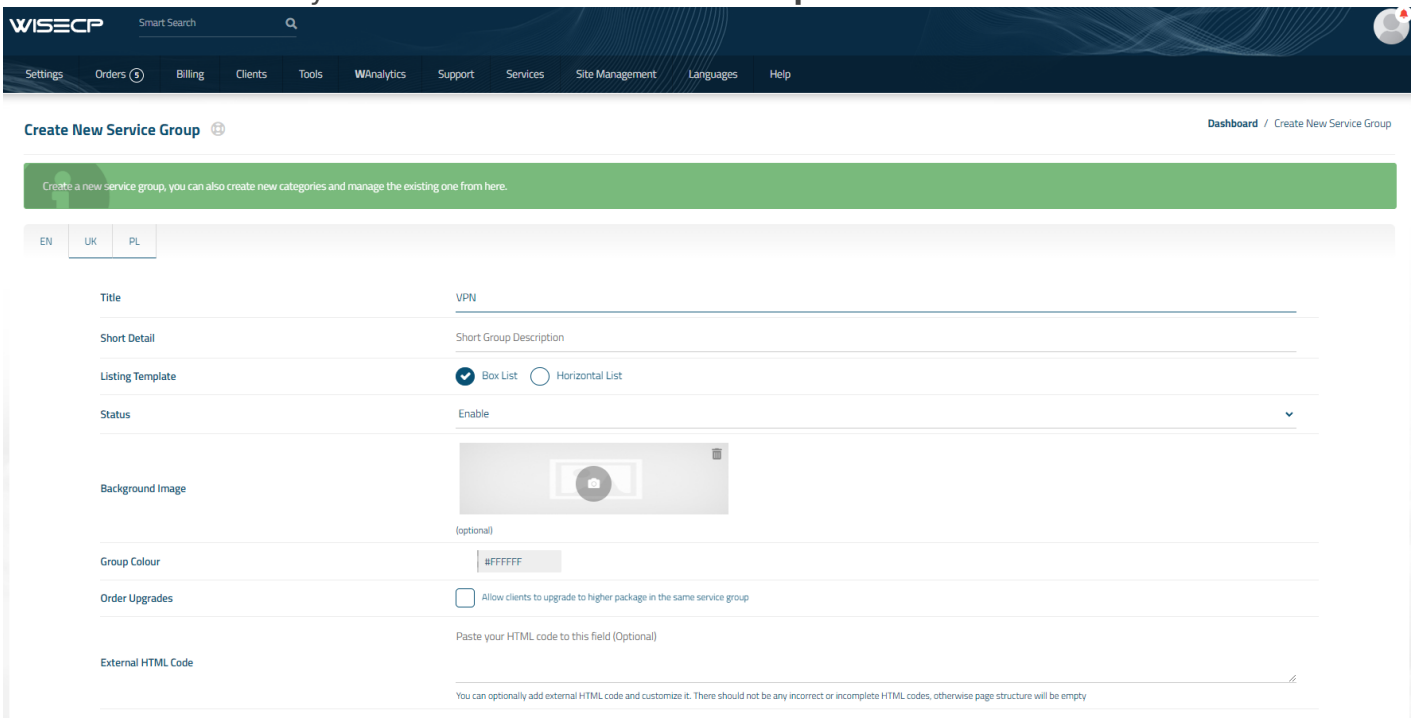

2. Create New Service Group

Go to

```
Services -> Service Management -> Add Group
```

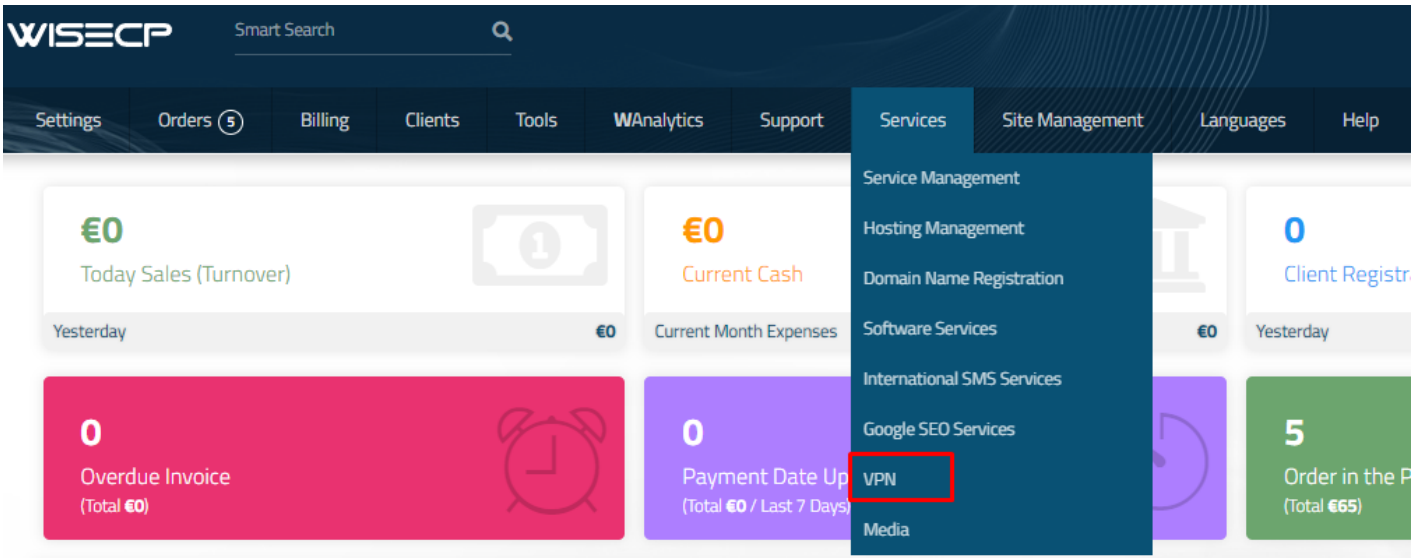

Enter all the necessary data and click the '**Create Group**' button.

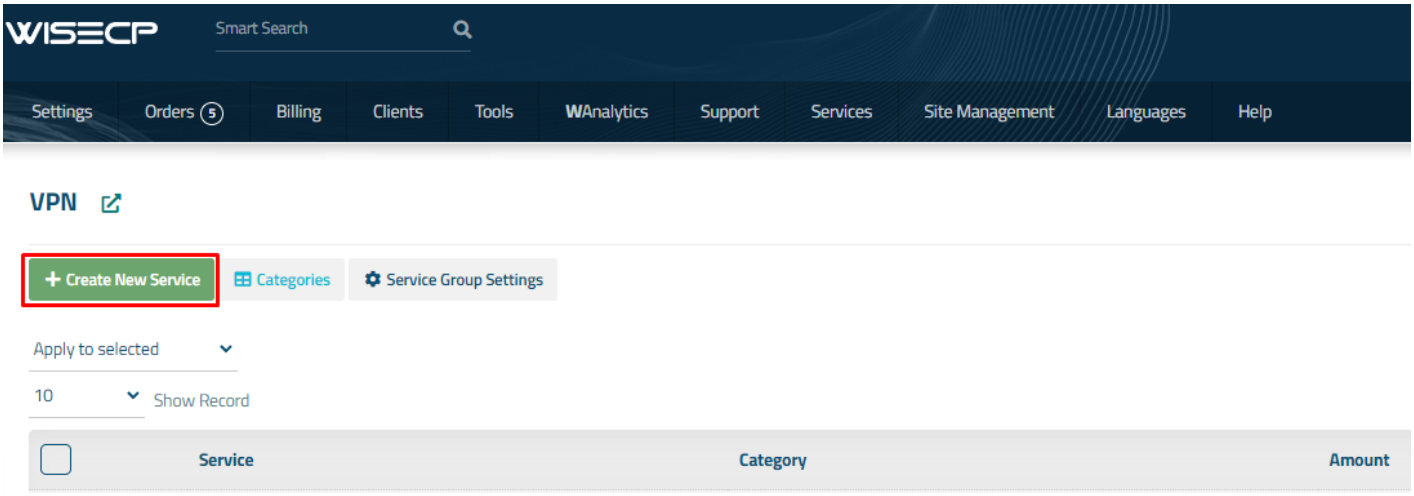

3. Adding a New Service

Go to

```
Services -> our service group where you need to add the new service.
```

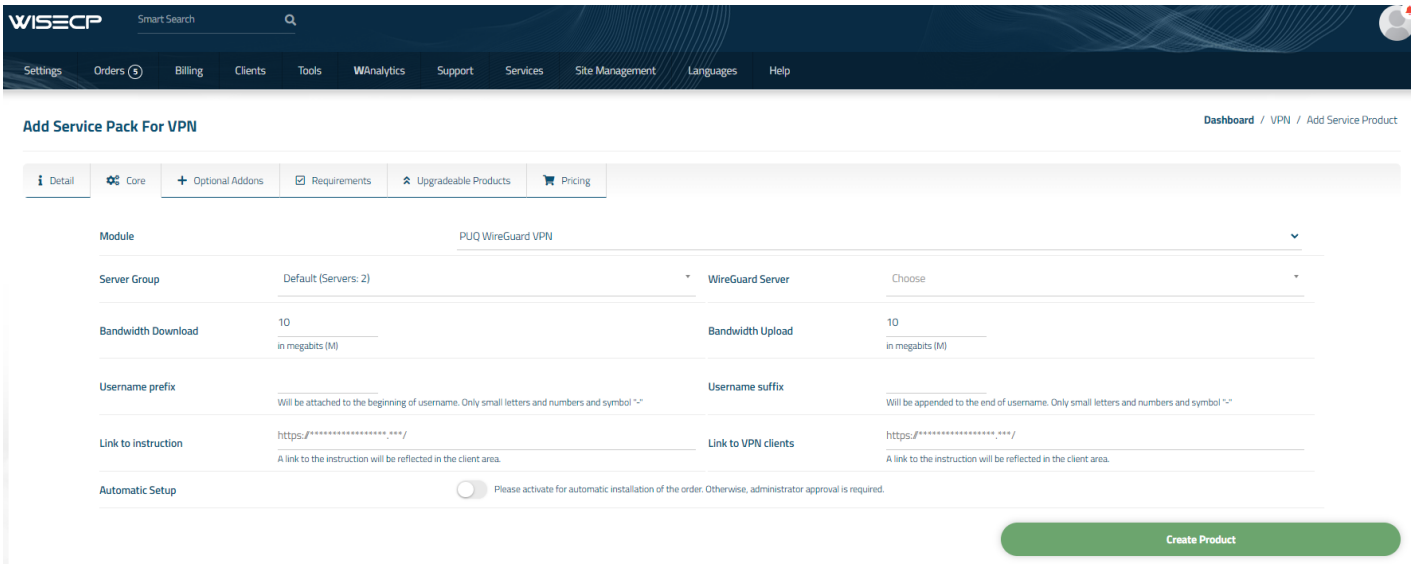

In the opened window, click the '**Create New Service**' button.

On the opened page, enter all the necessary details for your new service and navigate to the '**Core** ' tab.

Select the '**PUQ WireGuard VPN**' module from the drop-down list of modules.

4. Fill in the configuration options according to your preferences.

- **Server Group** is the group of servers from which a server will be chosen for provisioning the service
- **WireGuard Server** is the name of the WireGuard server that was created in PUQVPNCP

> **Attention:**
> The **WireGuard Server field** is updated only after saving or adding the service.
> You will need to revisit this section to select the **WireGuard Server** and save the service.
> Additionally, the **WireGuard Server** must be created on all servers within the group.

- **Bandwidth Download** and **Bandwidth Upload** represent the connection speed that will be restricted by these parameters, in megabits per second, respectively.
- **Username Prefix** will be added at the beginning of the username during user creation

and is used for uniqueness

- **Username Suffix** will be added at the end of the username during user creation and is also used for uniqueness
- **Link to Instruction** Provide the link to the instruction for the service, and it will be displayed in the client area as a separate button
- **Link to VPN Clients** Provide the link to the page for downloading VPN clients for the service, and it will be displayed in the client area as a separate button
- **Automatic Setup** Please activate for automatic installation of the order. Otherwise, administrator approval is required.
